# About Me

Hello, I'm Ying and I've been sewing bras since September 2014. Bra Making has grown to be a passion of mine and I pen a blog ([www.tailormadeblog.com](http://www.tailormadeblog.com)), where I document my bra making projects and adventures. Last year, I opened an Etsy shop ([www.tailormadeshop.com](http://www.tailormadeshop.com)) where I sell bra making supplies.

I've attached a couple of images of my bra projects. I hope you are excited about taking this workshop!
